DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 is allowed.

The following is a statement of reasons for the indication of allowable subject matter: The cited prior art does not disclose nor suggest a projection, which is located on an outer surface of at least one of the base films in order to decrease the lowest pressure that can be detected by the pressure sensor also, a reinforcing sheet which is made of a material having a rigidity or a elastic modulus equal to or higher than the base films and located on an outer surface of the second base film such that a deformability of the first base film when a pressure acts on the first base film becomes substantially constant irrespective of specifications of an article in which the pressure sensor is placed.
